### Tips

1. The artificial flowers are handmade, there are slight differences in workmanship and measurement, the actual product shall prevail.
2. Artificial flowers are different from real flowers. The glue silk (the twisted wire can be cleaned) and burrs left during the production are normal phenomena and do not affect the overall normal use.
3. Due to logistics reasons, bending may affect the shape. The iron wire included can be adjusted left and right to adjust the position of the flower head.

In warm summer, a cup of coffee, a delicious ice cream, you are so sweet.

## BEAUTIFUL.

May there be someone beside you who always carefully  
protects your childishness and loves you, like the smell  
of wine coming from a deep alley and getting drunk  
when you smell it.~
